# **Personal Information Privacy & Confidentiality Policy**

**Vancouver Orphan Kitten Rescue Association**

Updated: February 2021

The Vancouver Orphan Kitten Rescue Association (VOKRA) is committed to adhering to the principles of the *Personal Information Protection Act (PIPA)*, *Personal Information Protection and Electronic Document Act (PIPEDA)*, Canada's anti-spam legislation (CASL) and any other applicable legislation to protect the privacy and confidentiality of the personal information of donors, members, employees, directors, volunteers, clients and other stakeholders. VOKRA values the trust of those we deal with, and of the public, and recognizes that maintaining this trust requires that we be transparent and accountable in how we treat the information individuals choose to entrust with us.

During the course of our various activities, events and through the conducting of our programs and services, VOKRA gathers and uses personal information to carry out its work and other day-to-day activities. It is reasonable for a person to expect VOKRA to carefully protect the personal information it collects and that any other use other than those for which it was collected, will be disclosed, and subject to consent.

## **Contact Information**

Questions, inquiries, concerns, or complaints relating to the VOKRA's policy on the treatment of personal information should be emailed to VOKRA Privacy Officer at [privacy@vokra.ca](mailto:privacy@vokra.ca). Further information on privacy and your rights in regard to your personal information may be found on the website of the Privacy Commissioner of Canada at [www.privcom.gc.ca](http://www.privcom.gc.ca).

## **Definition of Personal Information**

Personal information includes any factual or subjective information, recorded or not, about an identifiable individual. This includes information in any form, such as:

- Name, age, marital status, ID numbers, address and other contact information, and other biographical information;
- Email address;
- Giving history, banking or credit card information.

## **Accuracy**

To the extent reasonably practical, personal information of individuals will be as accurate, complete, and up to date as is necessary for the purpose for which it is to be used.

## **Use of Personal Information**

VOKRA is firmly committed to data privacy. We do not sell, rent or exchange any personal information we collect.

We do communicate with our supporters via mail, email and telephone notifications of events, news, bulletins, updates in addition to e-receipts, solicitations and acknowledgements of donations, where express or implied consent has been provided. We do use email addresses to define target audiences on social media for the purpose of sharing messages from VOKRA.

A supporter may always opt-out of receiving all, or specific, communications through a variety of tools as outlined below.

## **Use of Credit Card and Banking Information**

VOKRA recognizes that, for the purposes of donations or purchases, supporters may provide us with their banking or credit card information. We only use this information to process the transaction as intended by the supporter.

Credit card transactions processed offline are processed through Level 1 PCI DSS (Payment Card Industry Data Security Standard) service providers and payment gateways. Our credit card processing service providers and payment gateways are reviewed annually, or whenever a provider is changed.

Credit card transactions processed online through our website are passed through a secure third-party provided SSL verified connection to adhere to industry standard privacy and security standards.

## **Retention of Information**

The length of retention will vary in relation to the nature of the information collected. Any confidential materials and personal information should be kept with appropriate security while necessary. Care is used in the disposal or destruction of personal information to prevent unauthorized parties from gaining access to the information.

## **Removal from our Database or Mailing List**

Should you ever wish to be removed from our database or solicitation mailing list or to discuss your communication preferences and options, please contact us at [giving@vokra.ca](mailto:giving@vokra.ca) or at 604.731.2913 and we will be happy to oblige your requests.

## **Canada's Anti- Spam Legislation (CASL) and Electronic Communication**

The **2014 Canadian Act** relating to commercial electronic messages places a variety of parameters on electronic messages:

- **Express consent** – When sending to those who have given express consent (subscribed) to receive email communications from VOKRA we must identify the sender and include an option to unsubscribe
- **Implied consent** – When sending to those who have given implied consent by making a transaction (donation, purchase, adoption) or who has a relationship with VOKRA as a member or volunteer VOKRA may send communications for up to two years from the date of their last transaction, or the end of their relationship, as long as we identify the sender and include an option to unsubscribe
- **Easy access to unsubscribe:** Every electronic publication we send our supporters has an unsubscribe feature. You may 'opt-out' from receiving e-communications or update your specific subscriptions at any time by utilizing the unsubscribe feature in any of these emails. Unsubscribing from emails is to happen without delay when possible, otherwise it must be rectified within 10 business days after receiving notice of withdrawal.

- **Share with care:** If you are planning to share one of our emails or web pages through email or direct messaging on social media, you must comply with CASL. Under CASL you should only share with people you have a personal relationship with, or those who have a publicly listed business email (as long as the content relates to their business. e.g. sharing an advocacy concern with your MLA). A “personal relationship” requires the real identity of the individual who claims a personal relationship is known by the other individual involved in such a relationship (as opposed to instances where a virtual identity or an alias is used). Using social media or sharing the same network does not necessarily reveal a personal relationship between individuals. The mere use of buttons available on social media websites – such as clicking “like”, voting for or against a link or post, accepting someone as a “Friend”, or clicking “Follow” – will generally be insufficient to constitute a personal relationship for the purposes of sending an email or direct message to that person.
